Chocolate Peanut Butter Cup Fudge

Rich chocolate fudge with peanut butter cups lining the bottom and crumbled on top.

yield: 36 squares (or up to 64, depending on size)

prep time: 10 minutes

total time: 2 hours 10 minutes

Ingredients:

- 3 cups milk chocolate chips
- 1 can (14-oz.) sweetened condensed milk
- 24 Reese's Peanut Butter Cups (regularly sized), divided

Directions:

Line an 8x8-in. pan with aluminum foil and spray with nonstick cooking spray. Line the pan with 16 whole Reese's cups; set aside.

In a large, microwave-safe bowl, stir the chocolate chips and sweetened condensed milk. Microwave in 30-second intervals until completely smooth. Pour over peanut butter cups in the pan and smooth the top. Chop the remaining peanut butter cups and press into the top. Bring to room temperature (about 1 hour) before refrigerating until solid. Remove the fudge from the pan using the foil and cut into squares.
